

CRPS National Board of Directors
would like to wish you a

MERRY CHRISTMAS & HAPPY HOLIDAYS

May we remember 2020 as a year of doing business differently for everyone and ending this year taking a more positive approach to 2021.

Socializing with family and friends is much needed this time of year. We may need to look at alternate ways of doing this, but it remains important both mentally and physically for our own well-being.

Finances are a concern for individuals, businesses, Service groups and charities. Please remember to think about these groups if you are thinking of donating this Holiday Season. If your group is actually performing volunteer work; remember to stay safe.

Thank you to everyone for remembering that Royal Purple is alive in Canada. Watch for the
Purple and White volunteers in your Community!
Thank you to each and every member for staying Purple!

Enjoy the little things this Holiday Season. Stay well. Stay safe.
Looking forward to bringing in 2021 with renewed energy.
